AROMATHERAPY DURING MASSAGE)

Before the massage we add essential oils to an aroma lamp – inhaling them gently affects the nervous system, activating the body's inner resources.

1 / 1,5 / 2 hours

50 UAH

SERENITY

lavender, marjoram, Roman chamomile, ylang-ylang, sandalwood, vanilla

A true aroma meditation. This blend helps relieve nervous tension, improve sleep and restore a sense of inner peace. The ideal choice after a hard week or during periods of emotional overload.

CITRUS BLISS

wild orange, lemon, grapefruit, mandarin, bergamot, Thai mandarin, clementine, vanilla

This is sunshine in an aroma lamp. It fills you with energy, lightness and vitality. Perfect when you feel tired, low in mood or lacking motivation.

BALANCE

black spruce, osmanthus, frankincense, blue tansy, blue chamomile, Ho wood, coconut oil

The ideal choice for restoring balance between body and mind. Works deeply – calms thoughts, reduces anxiety, helps restore a sense of stability.

ORANGE

fresh, sweet, natural wild orange aroma

Has a mild anti-stress effect, lifts the mood and creates a warm atmosphere of trust during the massage. An excellent choice for a first introduction to aromatherapy.
